

## Workshop: Nutrition & Disease – An easy introduction to two complex topics

This is a veterinarian-led one-day workshop with a combination of theory and practical sessions. A strictly limited number of participants ensures maximum personal attention. No jargon – just plain English and common sense. And always room to address participants' specific needs.

We will be covering the following elements:

<b>Nutrition</b>	<b>Disease</b>
<ul style="list-style-type: none"><li>• The inner workings of your alpaca and llama</li></ul>	<ul style="list-style-type: none"><li>• Can you spot the sick camelid: simple behavioural observations as illness indicators</li></ul>
<ul style="list-style-type: none"><li>• Feeding according to the seasons</li></ul>	<ul style="list-style-type: none"><li>• Basic examination: theory and practice</li></ul>
<ul style="list-style-type: none"><li>• Feeding individual groups of animals &amp; basic calculations</li></ul>	<ul style="list-style-type: none"><li>• Worms, mange, flystrike &amp; Co.</li></ul>
<ul style="list-style-type: none"><li>• Body condition scoring &amp; other monitoring</li></ul>	<ul style="list-style-type: none"><li>• Common and important infectious diseases</li></ul>
<ul style="list-style-type: none"><li>• Common feedstuffs: what they provide and how they compare</li></ul>	<ul style="list-style-type: none"><li>• Injections &amp; drenching</li></ul>
<ul style="list-style-type: none"><li>• Common deficiencies: diagnosis and remedial action</li></ul>	<ul style="list-style-type: none"><li>• First aid for injury</li></ul>
<ul style="list-style-type: none"><li>• Poisonous plants quiz</li></ul>	<ul style="list-style-type: none"><li>• Biosecurity</li></ul>
<ul style="list-style-type: none"><li>• Dinner is served: how to ensure a pleasant feed</li></ul>	<ul style="list-style-type: none"><li>• What should be in my drug cabinet?</li></ul>
<ul style="list-style-type: none"><li>• Water – the vital ingredient</li></ul>	<ul style="list-style-type: none"><li>• Checklist and <u>Action Cascade</u>: when to call the Vet</li></ul>
