

# **BAS Training Courses**

## **Alpaca Assessment (Foundation) (3 days)**

All are welcome. The objective of this course is to offer a training programme covering basic assessment techniques for Alpaca conformation and fibre. This will include the teaching and identification of positive and negative traits in Alpacas.

The course had been split into three units which are made available over three days. Each unit covers a specific area and they can be taken separately. Completion of all three units is a prerequisite for entry onto the judge training programme.

**Day 1** – Suri

**Day 2** – Form and Function

**Day 3** – Huacaya
