### **General Experience:**

Graduated with a BSC (First Class Honours) from the University of London in Zoology and Comparative Physiology then obtained a Masters degree in Applied Fish Biology.

We bought our first alpacas in 2000, at which point I joined BAS and BCL. We now farm a herd of both suri and huacaya alpacas – numbering nearly 100.

I have actively attended and entered alpaca shows since 2002, in both halter classes and fleeces classes.

I have completed both the basic and advanced Camelidynamics course under Marty Mcgee Bennett, and have held a beginners course for the South East Alpaca Group.

I have been Chairman of the South East Alpaca Group (SEAG) since 2006 and as such, we have sponsored talks on all aspects of alpaca husbandry and welfare. I have given demonstrations on alpaca haltering and handling for both SEAG, and on our farm.
