

## BAS Training Courses 2012

The BAS has agreed a schedule of training courses until the end of 2012. The programme will include Alpaca Assessment (both Foundation and Advanced), Alpaca Judging (both Stage 1 and Stage 2) and a chance to attend a workshop with Brett Kaysen from the USA on Form and Function.

The Alpaca Assessment (Foundation) has been split into three separate modules covering Suri, Form and Function, and Huacaya. They will be held over consecutively so that delegates may attend one, two or all three days.
