

BAS Training Courses

FOUNDATION ALPACA ASSESSMENT (old level 1, 2 days)

All are welcome. The objective of this course is to offer a training programme covering basic assessment techniques for Alpaca conformation and fibre. This will include the teaching and identification of positive and negative traits in Alpacas.

Course Content:

Day 1 – Day 2 am

PP Presentation: Teaching basic Alpaca:

- Conformation
- Function
- Positive traits
- Negative traits
- Fit for purpose
- Fleece

Plus practical assessment on both days of:

- Conformation
- Fleece samples
- Fleece on Alpaca
- Fleece in classroom
- Comparative assessment – fleece
- Comparative assessment – halter

Day 2 pm

- Written examination
- Examined on comparative assessment
- Examined on fleece assessment
